## Has The Mutual Attained Its Goal?

Fifty years ago the company set forth as its object the giving of "the largest possible amount of life insurance protection for the least possible outlay." From a study of numerous examples issued from year to year during the last half century one will quickly see that the aim was realized. "Participating" policies on the life plan have turned out to be consistently less expensive than those issued on the non-participating plan. On endowment policies we have some wonderful ratios of amounts received to total premiums paid. For each \$100 invested in premiums—

At 20 years of age a 20 year endowment has yielded \$142.06
" 25 " " " " 20 " " " " 141.06
" 35 " " " " 20 " " " " 137.02
" 25 " " " " 25 " " " " 165.84
" 30 " " " " 25 " " " " 156.59
" 20 " " " " 30 " " " " 171.28
" 30 " " " " 30 " " " " 156.73

Such results, and they can be multiplied indefinitely, show that the object of the company has been completely attained.

## Bandits Hold Up C.P.R. Train Near Sentinel

Calgary, Aug. 2—Three men who are described as foreigners, held up at Sentinel, near the British Columbia boundary, the conductor and passengers of the Canadian Pacific railway train running from Lethbridge through the "Crows' Nest" Pass shortly before six o'clock this afternoon. They suddenly appeared with guns and passed through the passenger cars leisurely taking all the money they could abstract from passengers. It is not known how much money they got but the conductor and his wife had a sum total of money on him which they got.

The three men who were on the train from Lethbridge are known to the police. The Calgary men and are amateurs. The entire hold up was conducted while the train was running and as the train slowed up around the mountain curves near Sentinel, the robbers jumped off and made their escape.

## LOCKLEAR KILLED

Los Angeles, Calif., Aug. 2.—Lieutenant Ormer Locklear, noted "stunt" aviator, and Lieutenant Milton Elliott, his aide, were killed tonight when their plane crashed from a distance of 1000 feet.

Lieut. Ormer Locklear was the outstanding attraction of the Edmonton exhibition which closed on Sunday. His "stunt" here was changing from one plane to another in mid-air.

Baptist Church services for Sunday, August 8th—Concord, Sunday school at 2 p.m.; church service at 3. Ponoka, 7:30 p.m., interesting subject. Good singing and a welcome for all.

Montreal, July 29.—The first train bearing its quota of 35,000 harvesters for the western provinces will leave Montreal on August 1 and the last will leave on the 16th. Canadian Pacific Railway officials state they do not think there will be any difficulty in obtaining all the farm help that is needed. The average pay per month is high, amounting to \$8.50 per month during the reaping of the harvest.

—

SAVING LABOR—No more pumping and carrying.

BRING CONVENiences—Water for kitchen, bath, toilet, laundry, etc.

PROTECT HEALTH—Keep the home clean and sanitary.

PROTECT PROPERTY—Water, under pressure.

INCREASE FARM PRODUCTION—Water, in abundance, for stock and irrigation.

INCREASE PROPERTY VALUES—In a few days.

## Climax

Local showers of recent date have been a wonderful help to crops. More rain, however, would be welcome.

Some of our farmers have commented on the rain. The crop is reported to be good.

Mr. and Mrs. James Milburn were guests of Mr. and Mrs. W. A. Martin Saturday afternoon.

Iona and Gladys Few are spending the week with relatives in Climax.

The major portion of our district citizens have been attending Chautauqua the past week and think the time profitably spent.

The Misses Jones have been staying in Ponoka with their parents, Mr. and Mrs. W. A. Martin, for the past week.

Miss Maggie Roberts was a guest of Mr. and Mrs. Evans last week.

J. R. Muncey has a sawmill set up on his farm, and is sawing about 50,000 feet of fine lumber for himself, and will saw logs for some of the neighbors as well. Irvin James is at the helm, and knows how to handle the rig right. This is the second sawmill ever run in Climax to the writers knowledge, the first one ran some twenty years ago, and from what I understand it was a failure. At the time there was much standing timber in these parts yet, and farmers owing same are thinking of converting it into lumber. Another step toward decreasing the high cost of living.

## SPECIAL BIBLE LECTURES IN BAPTIST CHURCH

Rev. W. H. Cox will speak every night this week at 8 o'clock. Good plain, solid, old-time Christianity. Subject to-night—"The World's Greatest Detective." These meetings are for you. Come and enjoy them.

CHURCH NEWS

St. Mary's Church, August 8th Evening service at 7:30 p.m.; Sunday school, 7 p.m.

## BUY AN AUTOMOBILE AS YOU WOULD BUY A HOUSE.

An Automobile is a major investment and a similar utility. Be sure to choose one that you can spend long hours in without discomfort, and without nerve strain. Be sure that it is built of good materials, and with a finish that will stand up to the wear and tear, and that its appearance will long be a credit to your personal good name.

The CHEVROLET "FH 50" TOURING CAR has all these qualifications, and in addition is very economical to operate.

**Canada's Interest**

In World Conditions

Six years have elapsed since Germany threw down the gauntlet to civilization and embarked upon her maniacal enterprise to dominate the world. The world has been divided since the signing of the armistice by which Germany acknowledged humiliating defeat and made an abrupt surrender.

Yet the world is still in a state of political suspense, with battles raged in many fronts and a state of war existant between nations of millions of people. Russia and Poland are at war; Greece and Turkey are still fighting; the Greeks are advancing right across the Isthmus of Corfu; Italy is at war with France, Belgium and United States armies are yet in occupation of a large part of Germany; large bodies of British and French troops are still in France; recent visitors to Greece report that martial law still prevails there; and that all the old war regulations and restrictions are in full force, and that those who have been released from prison have been since 1912 and cannot get out. The United States is still technically at war with Germany and Austria.

As far as this country of vital interest to Canada, and have they any bearing upon Canadian conditions? Most decidedly so. As long as such unsettled conditions exist, there is an ever present danger of a spark starting a general conflagration, and Canada has a duty of the highest order of Nations, to do her best to prevent to the world and may conceivably be drawn into any new struggle.

That danger cannot be remote, but the actual possibility of war conditions, especially in Europe and Asia, which is affecting the welfare of the people of Canada every day, whether they are fully conscious of it or not. Millions of men still in uniform, millions of men still engaged in productive work of all kinds, and an enormous strain upon the financial resources of all nations to maintain them and to keep the civilian population at home, their dependence, total.

Such a condition thrown upon all other countries, like Canada, the burden of the task of feeding and supplying the world with necessities. So long as the work of production remains, so long as the demand for man-made goods prevails, the era of shortage and high prices must continue. It means a continual inflation of credit with all the evils that flow therefrom. It means that when the time comes for the world to realize that it is increased danger of a panic which will shake the financial and industrial world to its very foundations.

Canada is interested in this situation. As a nation it is interested in endeavoring to the full extent of its powers and resources to meet the world demand for food and necessities of all kinds. It is a duty it owes to the world to do its best to help with an organization which should not be lost to ensure a large share of the world's trade. The development of a large export trade is one of Canada's greatest needs, and the present situation for such development should not be disregarded.

Canadians, individuals, should likewise be interested in the prevailing world situation, and all that may possibly transpire. The family must pray a little when God only should each individual be putting forward a maximum effort in their own, the Dominion's and the World's interests, but it is a time when the individual must seriously consider the results of their labor and lay an adequate provision against the time when a "slump" will occur, industry be less active and remunerative, and the cost of living the whole financial situation for each individual should not be disregarded.

A general cry of "extremism" is raised all round which is somewhat misleading. Undoubtedly a certain proportion of the population has enjoyed an increase in income in recent

years more than sufficient to meet the increased cost of living, and they have been indulging in the purchase of luxuries. This increased demand for luxuries has led to great difficulties, and such labor has been drafted from industries primarily devoted to the production of necessities. For example, tens of thousands of skilled artisans formerly engaged in the manufacture of articles of absolute necessity are now manufacturing automobiles by the thousand. At an inevitable result conditions are created which bear hardly on the less well-to-do.

The lesson for Canada is to act back as quickly as possible to essentials; to curtail the production and purchase of luxuries and to speed up on essential requirements. In the second place, it will be the duty of the nation to meet God's approval. David turned together the religious men of the nation in order that the movement might be a national one. That David was sincere in this measure cannot be doubted, but he was hasty and inexperienced. God had given him detailed knowledge of the principles of the Kingdom, he should have brought the ark upon his shoulders. (Num. 4:14, 15; 18:3). For to place it even upon a cart was a positive violation of God's commandments. Although David was here his sincerity did not detract from his innocence in this matter of disobedience in God's word.

The dictum that it matters little what you do, just so you are honest and sincere, is one of the Devil's blackest lies. God's commandments are always there. David cannot be excused on ground of ignorance, because he had the opportunity to know. God cannot be blamed for man's ignorance when he has given him the law and the ability to understand it.

II. God Violates His Law and His Lines.

The people were very joyful as they moved on toward Jerusalem with the ark, but suddenly there was a stop to their jubilant voices and the crowd was silent. In an instant the oxen stumbled and Ursah, anxious for the precious freight on his cart, reached forth his hand to steady it. This resulted with his being struck, smitten and lame. Ursah, however, made a quick recovery from the death which is in the touch of a heavily charged electric wire, nevertheless it was in the case of the violation of God's law. Even those who were designed by God to carry the Ark, could not be allowed to touch it.

The German forces at home, trapped, as he called it, were for turning around again and running for the entrance. But Easton pointed out that "We'll have to split hard wood."

The German, who knew the port well, asked, "Why split, why?" and he fixed an anxious eye on the bunches. Beaufort, British and German, and the Englishman went out to her and brought her into safety. He said nothing to the German captain about the war. When the ship was inside, of Portsea, and Easton was at the helm, he said, "I am going to the cap."

## Local News.

JOTTINGS OF TOWN AND DISTRICT

Miss Ruth Ravnsborg is spending her holidays in Provost.

Mrs C. O. Cunningham and Mrs D. W. Mayes were visiting in Calgary last week.

Mr. and Mrs. John A. Kerr and family returned on Tuesday from their trip to Ontario.

Mrs D. R. Morgan is visiting her mother and other friends in Spokane.

Dr. Budd is having some substantial additions put to his residence on Donald Avenue.

Earl Lightbody, of Los Angeles was a visitor in town this week. His trip is mainly a business one, but he is meeting many old friends.

D. Defeux, of Edmonton, is spending a few days in our midst visiting with his sister, Mrs J. Buchanan.

Capt. and Mrs Roy McCaughey and child, of Dauphin, Manitoba are visiting with the former's parents in the Eastside district.

Archie Matheson, of Chipman was a visitor in our midst last week. He reports that the crops in his district are very fine, and that the yield will be above the average.

A. Davison, of Buckhorn, is apparently having good luck with his alfalfa. A splendid sample, measuring about three feet, is in hand. Should Mr Davison have success it will be an incentive for others to do likewise.

The Chautauqua is coming back next year, something over thirty-singers have given the necessary guarantee. The attendance will be large throughout, and the program of a high order.

T. F. and F. A. Sparber have sold their farm, west of town, to W. H. Werner, who has purchased everything except household goods and taken possession this week. Mr Werner, who is a newcomer to us, will be congratulated on his purchase made. He has secured a splendid farm, close to town.

Our farmers are right into the summer work, and are busy in the hay field—making hay while the sun shines. The crop is some what short, and every corner is being attended to. While the dry weather is suitable for the haying operations, nevertheless our farmers would welcome a good shower as the grain crops are suffering from lack of moisture.

The Herald has received a letter from John Beaton, late of Arbor Park district, and now living in Colorado. Mr Beaton writes that his family is well and contented there, although he felt as well in Alberta as he does in his new home, and would like to be back among old friends. He is kept busy on his 73 acre farm. Mr Beaton closes by sending regards to old friends—“Every day you see ‘em and can’t ‘em.”

Used 10.50 Titan for sale, or will go team of horses as part payment. BRADY & MORGAN.

Miss Ethel and Grace Craigen, of Seattle, are visiting with Mrs I. Meyer at Box Air Ranch.

Miss Edna Cardwell, of Red Deer, is spending part of her vacation in town.

E. Owens returned on Saturday from a trip to Grande Prairie. Mr. Owens is greatly taken up with that part of Alberta.

Miss Emily Grant, of Innisfail, spent the weekend in Ponoka with her sister, Mrs R. Thompson.

Martin Pallisen and family visited with Walter Larsen last week. They were accompanied by Mr. Pallisen's father, who is lately over from Denmark.

R. E. Pollister, of Ontario, was in our midst last week. He has considerable interests in this district.

The town resembled something of a rough house Saturday night, but then just such happenings have to come along on occasion.

Robert Morgan and sister, Miss Margaret, left for Lethbridge S.D. last week. Miss Morgan has spent a couple of months here, and Bob has gone on a visit to the old home, where he will make a brief stay.

Miss N. Buddy, of the post office staff, is spending her vacation at Water Glen.

Harvesting has commenced in several districts to the south, and by next week a beginning will be made in this neighborhood. While rain would be welcome, many farmers are rejoicing in splendid crops, and taken all in all our district will be about up to the average.

Arrangements are being made to hold a grand stampede in Ponoka on Saturday, August 25th. While all details are not complete, it is practically certain that the adventure will be a success, so many of our leading farmers are taking a lead. The Herald cannot give full details at this time, but expects to have particulars for next week's issue.

BERANEK.—On Wednesday, July 21st, to Mr and Mrs P. Beranek, a daughter.

MCDONALD.—On Monday, Aug 2nd, to Mr and Mrs P. McDonald, a daughter.

RAYMOND.—On Thursday, July 26th, to Mr and Mrs C. W. Raymond, a son.

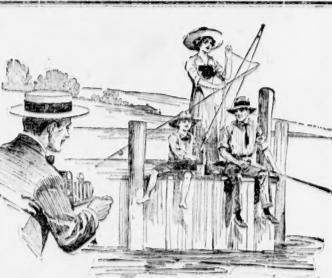

WILL PART.—On Friday, July 27th, to Mr and Mrs G. F. Francon, a son.

GRAND MEADOW LOCAL, U.F.A., meets at the home of Mrs Giv. Francon on Thursday, August 12.

CARD OF THANKS

Mrs Roberts joins with me in extending our sincere thanks to our customers and friends who showed such kindness during the six years we were in business in Ponoka. —R. Roberts.

E. M. ROBERTS.

# To Postpone Referendum Vote In Ontario

## SINN FEIN STATE TERMS ON WHICH PEACE CAN BE MADE

Ottawa.—On account of representations made through various organizations in Ontario, the government has decided to postpone the date for holding the referendum vote in the province of Ontario, until Monday, April 18, 1921, in order to permit of a review of the Ontario provincial voters' lists.

The date originally set for taking the vote in Ontario was October 25 next. The present postponement has become necessary in order that Ontario may have time to be thoroughly revised and brought up-to-date before the vote is taken.

By the legislation passed by the house of commons on Feb. 28, last, special provision was made for holding the provincial referendum vote in Ontario, as there were in the province existing provincial voters' lists which had been prepared and used in the provincial election of October, 1919. It was therefore provided that the provincial and the provincial voters' lists of the province of Ontario should be used without revision for any vote in that province taken before Dec. 1, 1920. This provision applied solely to Ontario, and did not affect the lists in the lists in Ontario were so recent that it would be both unnecessary and unwise to go to the expense of revision. However, it has now been pointed out to the provincial lists in Ontario that the lists are suitable and that if they are used for the purpose of the referendum vote the result may be the disqualification of a very large number of electors, and particularly of returned soldiers. Various organizations in Ontario have objected to the use of these lists for the referendum vote without revision.

Immediately after the passage of the act, in June last, the Dominion affiance passed a formal resolution of protest against the use of the Ontario provincial lists without revision.

## Crime in the North

### Mounted Police Will Long Trip to Investigate

Ottawa.—Information has filtered through to Ottawa from the barren reaches of the frozen north of an alleged murder on the shores of the Hudson Bay. Meagre though the information is, constables of the Royal Canadian Mounted Police will make the long journey to the scene to bring in the alleged criminals.

According to the story received here the story of the crime was passed by word of mouth from one tribe of natives to another, and came to the ears of the police from one of their isolated outposts.

## Murray Government Sustained

### Liberals in Nova Scotia Have Majority of Fifteen

Halifax, N.S.—Late returns from the hustings made the total of Hon. H. M. Murray's majority of 35 for him. The defeat had been announced. Pictou will offset, however, the defeat of Hon. G. H. Murray, premier by J. Leblanc in Richmond county by a majority of 12. Mr. Murray was also elected in Victoria county.

The standing of the parties now is as follows: Liberals, 29; Farmers, 7; Labor, 5; Conservatives, 2; Total, 43. Majority for government, 15.

### French Fighter Injured

Montreal.—An injury to Georges Papineau, lightweight champion of France, in the fifth round of his scheduled ten-round bout here, with Fighting Fred Fitzgerald of Australia, was suffered in the course of the fight, and payment fell through the ropes and struck his head on the corner of the press table, being rendered unconscious. Up to this time there was little to choose between the two men, both fighting toe to toe for the four rounds.

### Will Spend \$3,000,000 on Railway

Victoria.—Further construction of the Pacific Great Western railway is foreseen by the request from Hon. J. Hart, minister of finance, for funds to a loan of \$3,000,000 to be devoted to a construction work on the railway.

### Bolshevik Menace

Constantinople.—Refugees from Russia and Kuban in eastern Russia are streaming into the Black Sea numbers, fleeing from the Bolshevik menace. They report conditions to be highly unsettled in Moscow and declare that a Bolshevik movement is feared.

### New Minster Named

Ponoka—Prince Antoine Billesco has been appointed Roman Catholic minister to the United States, according to the London Times.

## Employment Increase

### Reports From 5,100 Employers Indicate That Industries Are In Good Shape

Ottawa.—Reports from over 5,100 employers to the Dominion headquarters of the department of labour indicate that the volume of employment during the strikes, there was another increase in the volume of employment during the week ending June 26. For the following week, however, there was a net decrease in staff of 160 persons or two percent. The decline was attributed mainly to the estimated curtailment of operations in the iron and steel group of industries because of the strike. The figures, however, with the return for six months earlier, it is evident that they had made very considerable additions to the number of persons on their payroll.

## Plaids Guilty to Bigamy

### Caroline Jackson Came From Minneapolis and Bigamously Married in Winnipeg

Winnipeg.—Caroline Jackson, who came to Winnipeg recently from Minneapolis, where she had been married and married him here, has pleaded guilty to a charge of bigamy. The charge was made by her husband, Frank C. Jackson, of Minneapolis, who had come to the court to Winnipeg. Judgments in the case was reserved until Friday.

Counsel for Mrs. Jackson and the counsel representing Mr. Jackson urged the court to grant the woman suspended sentence and allow her to return to the United States.

## Paris Waiting for Turks

### Peace Will be Signed if the Greek Controversy Is Patched Up

Paris.—If the Turkish delegates are to be believed, the peace terms from Constantinople and arrived in time, it is probable that the peace treaty with Turkey will be signed at Sevres as planned. There is a possibility, however, that Greece may withhold her signature to the peace treaty unless she can be assured of having members of the bandit gang captured following a fight in a marsh.

The robbers were captured when surrounded in a summer cottage. The lost, consisting of about \$10,000 in cash and bonds, was recovered.

## No Bonus for Industries

### Prairies Cannot Hope for Manufacturing Until Population Increases

Quebec.—The twentieth anniversary of Canadian municipalities, in session here went on record as opposing bonuses by municipalities as an inducement to industries to establish plants.

Montreal, Brandon, city clerk, of Carriole Alta, and secretary of the Union of Municipalities, spoke on the recent progress of western municipalities.

During his speech he said that the French official circles that the Italian government was to be restricted in its right to sign a peace treaty with Turkey.

The difficulty that loomed largely this evening was the fact that the Turkish delegates had not put in an appearance and that its whereabouts did not appear to be known.

The French official, however, had chosen to leave on a train that should have brought it to Paris. Nothing has been heard of the Turkish plenipotentiaries, however, since the report of their departure from the Rumanian capital.

## Three Saved from Drowning

### Were Rescued From Sinking Punt On Pike Lake

Saskatoon.—By a narrow margin, Alie Wenzensky and his wife and their baby daughter, 701 Thompson Chambers, were saved from what might have been three drownings in Pike Lake when Harry Tupling, of this city, and his father, John Tupling, at the lake, saw the sinking boat upon which Mr. Wenzensky and his family were sailing, in time to drag them out. It sunk almost immediately.

Mr. and Mrs. Wenzensky are none the worse, it is reported, for their experience.

## Villa Surrenders

### Will Return to Private Life and This is Rejoicing in Mexico

Eagle Pass, Texas.—Francisco Villa, leader of rebels, surrendered unconditionally, all night yesterday, to President General Alvaro Obregon, commanding the Tarragon military zone, according to advices received by the Mexican consul here.

Villa will return to private life, the message added. Much rejoicing is expected here, and the public and religious services are being arranged.

Carl Hargrave, United States citizen, president of a brewery at Sabina, who had been held for ransom by Villa, has been released, the report adds.

## Many Face Starvation

London.—The city of London, in the Pacific Northwest, is facing starvation. The town has a population of 70,000 Christians and 10,000 Moslems, is entirely cut off from the outside world by the Tschiribin mountains, and is at the verge of starvation, according to a无线电 dispatch received by the Amurka news bureau from Lanchow, China.

### Keep Away From Politicians

Washington.—Politicians here are advised to keep away from the military service from taking an active part in political campaigns or giving their official position to influence the election.

## Wants Armistice

Constantinople.—Refugees from Russia and Kuban in eastern Russia are streaming into the Black Sea numbers, fleeing from the Bolshevik menace. They report conditions to be highly unsettled in Moscow and declare that a Bolshevik movement is feared.

## Early Harvest in Manitoba

### Expect Cutting Will be General By Second Week in August

Winnipeg.—Harvesting in Manitoba this year promises to be general by August 10 or 12, according to reports received from the scattered districts of the province. The date is slightly in advance of normal.

Government reports indicate very little damage at this time from grasshoppers in the southwestern section of the province.

Preparations for supplying the demand for farm labor to handle the crop are being made by the provincial employment bureau and it is not anticipated that there will be any shortage in the supply of workers.

It is estimated here that 80,000 will supply the labor requirements of the three prairie provinces, and if enough men are not in sight in eastern Canada it is probable that excursions will be run from British Columbia.

## Seek Pirate Gold

### Ontario Prospectors Leave for the South Seas With Metal Detecting Devices

Ottawa.—Visitors from the south of a newly invented device for the detection of gold deposits, Andrew Cullins, a well known prospector of Hamilton, and his son, Father Thomas, of Etobicoke town, have descended through this city on their way to the south seas in the hope of finding the hidden pirate treasure on Treasure Island. It is claimed that the tree is being financed by a New York syndicate.

Preparations are being made for the demand for farm labor to handle the crop are being made by the provincial employment bureau and it is not anticipated that there will be any shortage in the supply of workers.

It is estimated here that 80,000 will supply the labor requirements of the three prairie provinces, and if enough men are not in sight in eastern Canada it is probable that excursions will be run from British Columbia.

## May Change The Peace Treaty With Turkey

### CANADA TAKES STEPS TO STAMP OUT DRUG EVIL

Ottawa.—Efforts of the federal health authorities to stamp out the opium evil in Canada are meeting with gratifying success, it is announced by the department of health.

J. A. Amyot, assistant medical director, stated, on his return from an extended trip across the Dominion, that the quantity of wheat in store at the different elevators throughout Canada has decreased by 10 million bushels, barley, 6 million bushels, and oats, 2 million bushels.

Final arrangements are to be made when the travellers reach New York.

## Wheat in Storage

### OAT IN ELEVATORS SHOWS DECREASE OF 567,454 Bushels

Ottawa.—According to returns received by the department of statistics for the week ending July 9, the quantity of wheat in store at the different elevators throughout Canada has decreased by 10 million bushels, barley, 6 million bushels, and oats, 2 million bushels.

It is also announced that the department has broken up several attempts to form what is known as an opium ring in this country.

It is also intended to put the Opium Control Act into force on or about September next. Under this act which constitutes one of Canada's obligations under the Versailles Treaty, all drugs which are imported into the country must be in conformity with the rest of the nation, uniting to stamp out the drug evil.

All wholesale druggists, manufacturers or dealers are required to obtain a certificate of registration for each article which they sell.

Retail druggists who manufacture narcotic drugs or preparations containing the same, are required to obtain a license also. All druggists, manufacturers and retail druggists, manufacturers and every physician, veterinarian, geologist and dentist is required to make a declaration that they are engaged in the sale or distribution of these drugs.

## Protest to Pope

### Australians Say Archbishop Mannix Does Not Represent Feeling of Commonwealth

Rome.—After many representations from Australia on the ultraconservative stand of the United States of Archbishop Daniel J. Mannix, of Melbourne, the protest states that the archbishop's assertions do not represent the feelings of the Australian people.

It is asserted that those who are engaged in the cause of the Commonwealth should be allowed to have their own voice.

It is also asserted that the archbishop should be allowed to have his own voice.

It is also asserted that the archbishop should be allowed to have his own voice.

Ponoka

### THE HERALD.

Dedicated to Ponoka, Alberta, and its Environs

#### Buckhorn

About twenty friends and neighbors spent Sunday, August 1st, at the home of Mr. and Mrs. J. D. Kirk, of Biesterfeld, celebrating their birthday. A very enjoyable time was spent, and ice cream was indulged in. We all wish many returns of this happy day.

Mr. and Mrs. Eley, junior and senior, are on their way from Oregon to Medicine Hat. It's good to hear of the whereabouts of our old friends.

Mrs. Eley is visiting her son, Mr. Eley, in Inglewood for a few days.

The harvester hall, had a great romp through the district, and a few who suffered were the Frizzells, Betts, Eleys, etc., and we sincerely hope we escape any more serious damage than we did.

It's a case of very honest sweat these days in the haying season here. We wish all good luck while the sun shines.

### After house-cleaning freshen up your floors with

Kyanize

in K-Y-A-N-I-Z-E

Don't use a floor finish which will leave ugly, worn spots after a little wear. Kyanize is made especially to stand the scuff and tread of heavy shoes, without cracking, peeling, or turning white. It is a fine finish, instead of a mere mixture.

Kyanize also makes a beautiful, sanitary, most durable finish for furniture and all woodwork about the house.

*a Seven artistic colors, and clear; also white enamel*  
Come in and get a small can of Kyanize and give it a trial. The maker's guarantee it absolutely, and so do we.

A. A. GRAHAM

To HENRY A. CLARK, formerly of the Post Office of Ilmor Glen, in the Province of Alberta.

TAKE NOTICE that an action has been commenced against you in the Court of Queen's Bench, at the District of Red Deer, by the Merchants Bank of Canada, to recover the sum of \$1,000.00, plus interest in respect of a Mortgage made by yourself as Mortgagor to favor of the said Bank, on the 1st day of March, 1917, covering the Estuary of March, 1917, covering the North and South Sixteen and the Townships Forty-four (44) and One (1), West of the Fifth (5th) Meridian, in the Province of Alberta, and in the alternative, forehouse of all your interests therein.

And you are TAKEN Notice that you may deliver:

(a) A Statement of Defense  
(b) A Demand that notice of any suit or action be given to you on or before the 15th day of September, A.D. 1928, in which you are named, that the Plaintiff may obtain Judgment and costs, and sue for more with out further notice to you.

Dated at the Town of Ponoka, in the Province of Alberta, this 27th day of July, A.D. 1928.

Approved by:

J. J. Mahaffy,

L.J.S.C.

#### TENDERS WANTED

## Save A Dollar

### Put in Your Winter Coal NOW!

Increase in freight rates will make coal anywhere from 50¢ to 75¢ a ton more in the very near future. Also, if we get the crop we expect, cars are going to be scarce as well. So protect yourself by buying at least a part of your winter supply now. We can give you some interesting prices in car lots f.o.b. Ponoka, or in wagon loads off car.

Everything in Lumber at lowest possible prices, and all grades guaranteed, and when satisfied tell the other fellow.

Yours for Business.

### FARM FOR SALE

Half Section, 11 miles N.W. of Ponoka, being the N.E. of 18 and S.E. of 19. This land is fairly open, and has a shack and 30 acres have been broken. It is a No. 1 stock farm, and will be sold on a cash basis to 50% down payment. Price \$300.00 per acre.

"A spin in the country! The hamper full of good things to eat, the tank full of Imperial Premier gasoline and the crank-case filled with Imperial Polarine. Nothing can mar the day's pleasure."

### Thorough Lubrication

IMPERIAL Polarine can be depended on to give you thorough lubrication, to keep the engine running quietly and faultlessly, and to take you a 100 miles or 1,000 miles at the least cost for fuel, oil and repairs.

Imperial Polarine forms a piston-to-cylinder seal that maintains compression and utilizes the full power of the fuel. It spreads a thin, yet unbroke oil film over every friction surface that minimizes wear—it is the perfect lubricant.

Imperial Polarine will not break up under high operating heats. It burns freely and hardly a trace of carbon. Costs less because it saves depreciation and fuel. Sold in gallon and four-gallon steel cans, half-barrels and barrels, also 12½-gallon steel kegs, by dealers everywhere.

Look for the Imperial Polarine Chart of Recommendations when you buy oil. It shows which of the three grades described below is recommended for your car. Use the grades specified, exclusively.

IMPERIAL

### Pasture for Poultry

#### Must Have Green Sod or Growing Crop to Range On

Good pasture for growing chickens is as necessary as good pastures for other stock, and canary hens can keep on an acre of ground?" or "I have five acres for poultry; how many hens can I keep?" You may keep your laying flocks in small yards and if you do, grow grain you may be able to do without a range at all, and get probably just as good results. For your breeding flocks it is just as well to provide yards or ranges, if possible, though they may be covered with good results; but young growing stock must have room and plenty of it.

Not only must they have room, but they must have green sod or some kind of green growing crop to range on. A large bare range is no good for them, though they may have shade, but this is not so important as room, and especially green grass or crops. You may grow chicks on the range year after year, but the range is not much, though the chicks are growing there holds up under constant ranging; but it is much better if possible to change the ranges from one place to another every year or two.

### Skin Diseases in Fowl

#### Often Caused by Uncleanliness And Improper Feeding

There is no greater encouragement to the breeding of animalculae which infect the skin of fowls than uncleanliness, not only in the condition of the houses and runs, but in the nests and coops, the dirt and filth, the dust and bats. Not an expensive luxury supply, and yet a most essential one. All that is needed is a grocer's box kept well filled in a dry place with nice dry ashes, in which a few drops of oil are added. Imported dung, coming to its direct action on the blood, is also conducive to skin disease. To ensure good health all pointkeepers should give a daily supply of aromatic vegetables, such as carrots, onions, shallots, and various other fresh root vegetables.

If diseased birds can be isolated and kept in a warm place there is no more effective remedy than flowers of sulphur (obtained from dried flowers) and hot morning dressings. White Eggnut oil, while Eggnut salts are very useful, and may be given twice a week, dissolved in boiling water, and poured over the food, the birds being well sheltered. For external treatment, a number of oil baths will probably be the best treatment.

**KLEANALL**
